

Geofluid

International exhibition of technology and equipment for prospecting, extracting and conveying underground fluids

Press release nr.3 - Geofluid 2021

GEOFLUID changes date

The Covid-19 emergency has defined a new economic and social geography with global restrictions. The international trade show calendar has been completely revised and many events have been cancelled or postponed. GEOFLUID also had to revise its schedule by moving the Piacenza exhibition to May 19/22- 2021

In 2022, GEOFLUID will return to its traditional date.

Let's meet in Italy for a not-to-miss exhibition experience: GEOFLUID 2021! www.geofluid.it
